Public Comment

Agenda Item 7.2

To LC Board of Supervisors,

I am a volunteer & on the Steering Committee for Citizens Caring for Clearlake. We are a non-profit under North Coast Opportunities. Daily we are out in the neighborhoods picking up trash throughout our community. Often we have large projects that as a team we work on together easily picking up truckloads of garbage. We have a fund but as we are limited to do fundraisers most of the \$\$ we need to dump the trash at the landfill comes from collecting illegally discarded mattresses which we are grateful for. It is very difficult and heavy work and we so appreciate the work that Ed Christwitz has put into this effort. We have been fortunate in recruiting people to help us, people that share the same dream of a cleaner & healthy county, unhoused community members or people that need just a little more to make ends meet to put food on the table for their families to survive.

Respectfully

*Vicki Crystal*
