

**COUNTY OF LAKE
CONDITIONS OF APPROVAL**

**MAJOR USE PERMIT, UP 18-32
INITIAL STUDY, IS 18-40
GROW CENTER, INC. / JASON JONES**

**EXPIRES IF NOT USED BY: OCTOBER 8, 2022
VALID UNTIL OCTOBER 8, 2030
START OF CULTIVATION: OCTOBER 8, 2020**

Pursuant to the approval of the **Lake County Planning Commission** on **October 8, 2020**, there is hereby granted to **Grow Center a Major Use Permit, UP 18-32** to allow the following Commercial Cannabis Cultivation License: (1) A Type 3 (medium outdoor) cultivation area consisting of **52,190 square feet of outdoor cultivation area, and a Type 13 'Self Distribution' license** on property located at **26066 and 27084 Jerusalem Grade Road, Middletown; and further described as APNs: 013-017-62 and 013-017-66** subject to the following terms and conditions.

A. GENERAL

1. The use hereby permitted shall substantially conform to the ***Site Plan(s), Project Description*** and ***Property Management Plan*** and any conditions of approval imposed by the **Major Use Permit** and Review Authority for the outdoor cultivation of **52,190 square feet of cultivation area** as shown on the approved site plan for this action, and for three small sheds for use of chemical and security data storage. This approval includes a Type 13 'self-distribution' license. The Community Development Director may approve, in writing, minor modifications that do not result in increased environmental impacts. Applicant shall be in substantial conformance with the following:
 - a. *Property Management Plan received July 6, 2018*
 - b. *Site Plan received July 6, 2018*
2. This permit does not abridge or supersede the regulatory powers or permit requirements of any federal, state, local agency, special district or department which may retain a regulatory or advisory function as specified by statute or ordinance. The applicant shall obtain permits as may be required from each agency.
3. **Prior to cultivation**, the applicant shall obtain building permits for all new structures.
4. **Prior to operation**, the applicant shall contact the Lake County Building Department to schedule an inspection(s) to assure that on site Public Resource Code sections 4290 and 4291 are being complied with or are exempted; at 707-263-2221.
5. **Prior to operation**, the permit holder shall adhere to all requirements of Chapter 13 of the Lake County Code, including but not limited to adherence with the Hazardous Vegetation requirements. Said requirement shall be maintained for life of the project.
6. **Prior to operation**, all necessary permits shall be obtained from applicable Federal, State and County agencies having jurisdiction over this project including but not limited to, Department of Cannabis Control, Department of Food and Agriculture, Department of Pesticide Regulation, Department of Fish and Wildlife, The State Water Resources Control Board, Board of Forestry and Fire Protection, Central Valley or North Coast Regional Water Quality Control Board, Department of Public Health, and Department of Consumer Affairs.
7. **Prior to operation**, the applicant shall comply with the *State of California Track and Trace* requirements and submit written verification to the Community Development Department for review and approval.
8. The applicant shall not sell, transfer and/or give cannabis or cannabis products to any person under the age of 21 and/or allow any person under the age of 21 into the cultivations area and/or employ or retain persons under the age of 21 years old.

9. An applicant shall keep accurate records of commercial cannabis activity. All records related to commercial cannabis activity as defined by the State Licensing Authorities shall be maintained for a minimum of seven (7) years.
- *The County may examine the books and records of an applicant and inspect the premises of a permittee when the County deems necessary to perform its duties under this division. All inspections shall be conducted during standard business hours of the permitted facility or at any other reasonable time.*
 - *Applicants shall keep records identified by the County on the premises of the location permitted and the County may make any examination of the records of any applicant. Applicants shall also provide and deliver copies of such documents to the County upon request.*
 - *An applicant, or its agent or employee, that refuses, impedes, obstructs, or interferes with an inspection of the premises or records of the applicant pursuant to this section, has engaged in a violation of this article.*
10. All applicants and/or employees, including contractors shall undergo a background check by the Lake County Sheriff Department. An individual may fail the background check if employee has been convicted of an offense that is substantially related to the qualifications, functions, or duties of the business or profession for which the application is made, except that if the sheriff determines that the applicant or permittee is otherwise suitable to be issued a license and granting the license would not compromise public safety, the sheriff shall conduct a thorough review of the nature of the crime, conviction, circumstances, and evidence of rehabilitation of the applicant, and shall evaluate the suitability of the applicant or permittee be issued a license based on the evidence found through the review. In determining which offenses are substantially related to the qualifications, functions, or duties of the business or profession for which the application is made, the sheriff shall include, but not be limited to, the conditions described in Section 26057 of the California Business and Professions Code.
11. **Prior to operation**, all structure(s) used for commercial cultivation shall meet accessibility standards. Please contact the Community Development Department - Building Division for more information.
12. **Prior to operation**, all employees shall have access to restrooms and hand-wash stations. The restrooms and hand wash stations shall meet all accessibility requirements.
13. The proper storage of equipment, removal of litter and waste, and cutting of weeds or grass shall not constitute an attractant, breeding place or harborage for pest.
14. The permit holder shall pay the cannabis cultivation tax to the Lake County Tax Collector in accordance to the cannabis billing cycle. The applicant shall submit proof of payment to the Community Development Department within thirty (30) days of receiving payment confirmation. Failure to pay said cultivation tax will result in the initiation of permit revocation proceedings. For further details on cultivation taxes, please contact the Lake County Tax Collectors Office at (707) 263-2234.
15. **Prior this use permit becoming effective, operative, vested or final** the applicant shall pay the second installment of the Cannabis Program Service Fee in the amount of \$1,623.50 to the Community Development Department.
16. **Prior to operation**, the applicant(s) shall submit to the Community Development Department a summary response in writing establishing compliance with these conditions of approval, as well as documenting compliance with all obligations of the Property Management Plan, including dates of compliance and referencing documents or other evidence of compliance.
17. **Prior to operation**, the permittee(s) shall adhere to the Lake County Division of Environmental Health requirements regarding on-site wastewater treatment and/or potable water requirements. The permittee shall contact the Lake County Division of Environmental Health for details.
18. The permit holder is responsible for insuring that all project workers are informed of, understand, and agree to abide by the approved plans and project conditions.

Applicants Signature: _____

Date: _____

B. AIR QUALITY

1. **Prior to cultivation**, the applicant shall submit an Odor Control Plan to the Community Development Department for review and approval. (*Mitigation measure AQ-1*)
2. All Mobile diesel equipment used for construction and/or maintenance shall be compliance with State registration requirements. Portable and stationary diesel powered equipment must meet the requirements of the State Air Toxic Control Measures for CI engines as well as Lake County Noise Emission Standards. (*Mitigation measure AQ-2*)
3. Construction and/or work practices that involve masonry, gravel, grading activities, vehicular and fugitive dust shall be managed by use of water or other acceptable dust palliatives to mitigate dust generation during and after site development. (*Mitigation measure AQ-3*)
4. The applicant shall maintain records of all hazardous or toxic materials used, including a Material Safety Data Sheet (MSDS) for all volatile organic compounds utilized, including cleaning materials to the Lake County Air Quality Management District. (*Mitigation measure AQ-4*)
5. All vegetation during site development shall be chipped and spread for ground cover and/or erosion control. The burning of vegetation, construction debris, including waste material is prohibited. (*Mitigation measure AQ-5*)
6. The applicant shall have the primary access and parking areas surfaced with chip seal, asphalt or an equivalent all weather surfacing to reduce fugitive dust generation. The use of white rock as a road base or surface material for travel routes and/or parking areas is prohibited. (*Mitigation measure AQ-6*)
7. All areas subject infrequent use of driveways, over flow parking, etc., shall be surfaced with gravel. Applicant shall regularly use and/or maintain graveled area to reduce fugitive dust generations. (*Mitigation measure AQ-7*)
8. No more than a maximum speed limit of 15 mph will be permitted. (*Mitigation measure AQ-8*)

D. BIOLOGICAL RESOURCES

1. A qualified biologist will conduct a breeding bird survey no more than 14 days prior to any project activities, including any ground disturbance that occurs within the breeding season (February 1 through August 31). If active nests are found close enough to the study to affect breeding success, the biologist will create an appropriate exclusion zone around the nest based upon species requirements. (*Mitigation measure BIO-1*)
2. **Prior to construction**, all workers on the crew shall be trained by a qualified biologist as to the sensitivity of the turtle potentially occurring in the project area. (*Mitigation measure BIO-2*)
3. Hazardous materials such as fuels, oils, solvents, etc., will be stored in sealable containers in a designated location at least 200 feet from all aquatic habitats. All fueling and staging of equipment will occur at least 200 feet from any aquatic habitat. All equipment will be maintained such that there will be no leaks of automotive fluids such as gasoline, oils or solvents. (*Mitigation measure BIO-3*)
4. The California Department of Fish & Wildlife filing fee shall be submitted as required by California Environmental Quality Act (CEQA) statute, Section 21089(b) and Fish and Game Code Section 711.4. The fee should be submitted to the Community Development Department within five days of approval of the mitigated negative declaration.

E. CULTURAL AND TRIBAL RESOURCES:

1. Should any archaeological, paleontological, or cultural materials be discovered during site development, all activity shall be halted in the vicinity of the find(s), the local overseeing Tribe shall be notified, and a qualified archaeologist retained to evaluate the find(s) and recommend mitigation procedures, if necessary, subject to the approval of the Community Development Director. (*Mitigation Measure CUL-1*)

Applicants Signature: _____

Date: _____

2. All employees shall be trained in recognizing potentially significant artifacts that may be discovered during ground disturbance. If any artifacts or remains are found, the local overseeing Tribe shall immediately be notified; a licensed Archaeologist shall be notified, and the Lake County Community Development Director shall be notified of such finds. If human remains are found, the Lake County Sheriff's Department shall also be notified, and shall coordinate with the local overseeing Tribe to inter or relocate the remains. (*Mitigation Measure CUL-2*)
3. No further ground disturbance can occur within the identified archaeological site(s). (*Mitigation Measure CUL-3*)
4. Any ground disturbing activities shall be monitored by the local overseeing Tribe and a licensed Archaeologist to assure that any significant artifacts or remains discovered are respectfully relocated and/or interred. (*Mitigation Measure CUL-4*).

F. GEOLOGY AND SOIL MITIGATION MEASURES:

1. The applicant shall submit Erosion and Sediment Control Plans to the Community Development Department **for review and approval within thirty (30) days of use permit approval**. Said plans shall incorporate Best Management Practices (BMPs) including wattles around the perimeter of each cannabis cultivation area in a manner that channels storm-water runoff away from creeks and/or the reservoirs to the maximum extent possible. The Erosion and Sediment Control Plan shall be designed in a manner to prevent and/or reduce discharge of all construction or post construction pollutants into the County Storm Drainage System and/or nearby waterways. BMPs include scheduling of activities, erosion and sediment control, operation and maintenance procedures and other measures in accordance with Chapter 29 of the Lake County Code. (*Typical BMPs can be found in the California Storm Water Quality Association Storm and Water Best Management Practices Handbooks, including the Construction Handbook and the New Development and Redevelopment Handbooks. Handbooks are available for purchase or download at <http://www.cabmphandbooks.com>*).
2. Excavation, filling, vegetation clearing or other disturbance of the soil shall not occur between October 15 and April 15 unless authorized by the Community Development Director. The actual dates of this defined grading period may be adjusted according to weather and soil conditions at the discretion of the Community Development Director.

G. HAZARDS & HAZARDOUS MATERIALS

1. Storage of potentially hazardous waste shall be in its original package, and shall be clearly labeled to display the volume and type of material stored. These packages will be kept inside a storm-proof shed, a locked storage area that will only be accessible to authorized staff. When removing materials from storage the employee name, the type of material, date, and time will be entered into a hazardous waste manifest located within the secure storage area and will be stored for five years. When returning material into storage, the type of material, volume used, name of employee, date and time will be entered into the manifest. Storage areas containing hazardous waste will be inspected weekly by staff/employees to ensure accurate record keeping and safe storage conditions.
2. The project shall comply with Section 41.7 of the Lake County Zoning Ordinance that specifies that all uses involving the use or storage of combustible, explosive, caustic or otherwise hazardous materials shall comply with all applicable local, state and federal safety standards and shall be provided with adequate safety devices against the hazard of fire and explosion, and adequate firefighting and fire suppression equipment.
3. All equipment shall be maintained and operated in a manner that minimizes any spill or leak of hazardous materials. Hazardous materials and contaminated soil shall be stored, transported, and disposed of consistent with applicable local, state and federal regulations.

Applicants Signature: _____

Date: _____

4. The storage of hazardous materials equal to or greater than fifty-five (55) gallons of a liquid, 500 pounds of a solid, or 200 cubic feet of compressed gas, then a Hazardous Materials Inventory Disclosure Statement / Business Plan shall be submitted and maintained in compliance with requirements of Lake County Environmental Health Division. Industrial waste shall not be disposed of on site without review or permit from Lake County Environmental Health Division or the California Regional Water Quality Control Board. The permit holder shall comply with petroleum fuel storage tank regulations if fuel is to be stored on site.
 - *If the applicant increases hazardous materials storage, the applicant shall coordinate with Lake County Environmental Health Division to update their Hazardous Material Business Plan within sixty (30) of change and provided written verification to the Community Development Department.*
5. The storage and use of any potentially hazardous materials, including fertilizer/pesticides shall not be within 100 feet of any springs, top of bank of any creek or seasonal stream, edge of lake, delineated wetland or vernal pool. These materials shall not be allowed to leak onto the ground and/or contaminate any surface water. The use of any pesticide that has been banned for use in the United States is prohibited.
6. All employees and/or staff member shall be properly be trained in and wear Personnel Protective Equipment in accordance with all Federal, State and local regulations regarding handling any Biological and Chemical agents.
7. Hazardous waste must be handled according to all Hazardous Waste Control and Generator regulations. Waste shall not be disposed of on- site without review or permits from EHD, the California Regional Water Control Board, and/or the Air Quality Board. Collected hazardous or toxic waste materials shall be recycled or disposed of through a registered waste hauler to an approved site legally authorized to accept such material

H. HYDROLOGY & WATER QUALITY

1. **Prior to this permit having any force or effect**, the permit holder shall provide a water availability analysis, prepared by a qualified professional, indicating that there is sufficient water available to sustain the proposed use and adequate aquifer recharge occurring following irrigation system use. An applicant shall maintain a record of all data collected and shall provide a report of the data collected to the County annually.
2. The illicit discharge of irrigation or storm water from the project parcel, as defined in Tile 40 of the Code of Federal regulation, Sections 122.26, which may result in degradation of water quality of any water body is prohibited.
3. **Prior to operation**, the applicant shall submit a Storm Water Management Plan based on the requirements of the California Regional Water Quality Control Board – Central valley region to the Community Development Department for review and approval. Said plan shall include the following:
 - *Identification of any Lake County maintained drainage or conveyance system that the storm water is discharged into and documentation that the storm water discharge is in compliance with the design parameters of those structures.*
 - *Identification of any public roads and bridges that are downstream of the discharge point and documentation that the storm water discharge is in compliance with the design parameters of any such bridges.*
 - *Documentation that the discharge of storm water from the site will not increase the volume of water that historically has flow onto adjacent properties.*
 - *Documentation that the discharge of storm water will not increase flood elevations downstream of the discharge point.*
 - *Documentation that the discharge of storm water will not degrade water quality of any water body.*
 - *Documentation of compliance with the requirements of Chapter 29, Storm Water Management Ordinance of the Lake County Ordinance Code.*
 - *Describe the proposed grading of the property.*
 - *Describe the storm water management system.*
 - *Describe the best management practices (BMPs) that will be used during construction and those that will be used post-construction. Post-construction BMPs shall be maintained through the life of the permit.*
 - *Describe what parameters will be monitored and the methodology of the*

Applicants Signature: _____

Date: _____

monitoring program.

4. The applicant shall maintain all necessary permits from the Central Valley Regional Water Quality Control Board and submit written verification to the Community Development Department. A copy of all permits shall be included in the Annual Performance Report.
5. The applicant shall have a legal water source on the premises, and shall obtain and maintain all necessary Federal, State or local permits required to utilize the water source. If the permitted activity utilizes a shared source of water from another site, such source shall be a legal source, have all Federal, State or local permits required to utilize the water source, and have a written agreement between the property owner of the site where the source is located and the permitted activity agreeing to the use of the water source and all terms and conditions of that use.
6. The use of water provided by a public water supply, unlawful water diversions, transported by a water hauler, bottled water, a water-vending machine, or a retail water facility is prohibited. The utilization of water that has been or is illegal diverted from any lake, springs, wetland, stream, creek, vernal pool and/or river is prohibited. The applicant shall not engage in unlawful or unpermitted drawing of surface water.
7. The applicant may use water supplied by a licensed retail water supplier, as defined in Section 13575 of the Water Code, on an emergency basis only. The applicant shall notify the Community Development Department within seven (7) days of the emergency and provide the following information: (a) A detailed description of the emergency; (b) Identification of the retail water supplier including license number; (c) The volume of water supplied and actions taken to prevent the emergency in the future.

I. NOISE

1. All construction activities including engine warm-up shall be limited Monday Through Friday, between the hours of 7:00am and 7:00pm to minimize noise impacts on nearby residents. Back-up beepers shall be adjusted to the lowest allowable levels. This mitigation does not apply to night work. *Mitigation measure NOI-1*
2. Maximum non-construction related sounds levels shall not exceed levels of 55 dBA between the hours of 7:00AM to 10:00PM and 45 dBA between the hours of 10:00PM to 7:00AM within residential areas as specified within Zoning Ordinance Section 21-41.11 (Table 11.1) at the property lines. *Mitigation measure NOI-2*
3. The operation of the Air Filtration System shall not exceed levels of 57 dBA between the hours of 7:00AM to 10:00PM and 50 dBA from 10:00PM to 7:00AM within residential areas as specified within Zoning Ordinance Section 21-41.11 (Table 11.2) measured at the property lines. *Mitigation measure NOI-3*

J. TRANSPORTATION

1. Prior to this use permit having any force or effect, the applicant will be required to do road improvements to the internal road and comply with Public Resource Code (PRC) sections 4290 and 4291. The Building Official will inspect this road following completion of the road to assure PRC compliance or exemption.
1. All deliveries and/or pickups shall during the hours of Monday through Saturday from 7:00AM to 7:00 p.m. and Sundays from 12:00 p.m. to 5:00 p.m.
2. **Prior to operation**, the applicant shall provide a minimum of one (1) parking space per employee on the shift having the largest number of employees. The applicant is proposing up five (5) employees, therefore there shall be a minimum of five (5) employee parking spaces and one (1) Accessibility Compliant Parking Space.
3. The applicant shall comply with the State of California Weights and Measures requirements found in the California Food and Agriculture Code, California Code of Regulations, and the California Business and Professions Code.
4. The project site(s) shall have access to a public road or a recorded easement that allows for, but not limited to, delivery trucks, emergency vehicles, sheriff and other law enforcement officers, and government employees who are responsible for inspection or enforcement actions. Driveway encroachments onto County-maintained roadways shall

Applicants Signature: _____

Date: _____

be constructed to current County standards and shall be constructed with an encroachment permit obtained from the Department of Public Works.

- a) *All driveways shall be constructed and maintained so as to prevent road surface and fill material from discharging to any surface water body*
- b) *The design of all access to and driveways providing access to the site where the cannabis related activity that is permitted shall be sufficient to be used by all emergency vehicles and shall be approved by the applicable fire district.*
- c) *Gates shall not be constructed across driveways or access roads that are used by neighboring properties or the general public. Gates constructed across public access easements are subject to removal per State Street and Highway Codes.*

- 5. Driveway encroachments onto State and/or County-maintained roadways shall be constructed to current federal, State or local Standards and shall be constructed with an encroachment permit.
- 6. First fifty (50) feet of a driveway beginning at the edge of the existing improved surface shall be constructed and maintained with an all-weather surface. An all-weather surface includes: Six (6) inches of gravel or crushed rock, an oil and rock surface, asphaltic concrete, or concrete as to prevent road surfaces and fill material from discharging to any surface water body. The use of White Rock is prohibited for any road surfacing.
- 8. The applicant shall meet and maintain all the requirements and/or regulations as define in 14 California Code of Regulations (CCCR), Division 1.5, Chapter 7, Subchapter 2, Article 2, §1273.00 through §1273.11 of the California Department of Forestry and Fire Protection (Cal Fire) for Emergency Access and Egress Requirements.
- 9. Gates shall not be constructed across driveways or access roads that are used by neighboring properties or the general public. Gates constructed across public access easements are subject to removal per State Street and Highway Codes. A knox box is required on all gated entrances.
- 10. **Prior to operation**, all Accessible Compliant Parking Areas, routes of travel, building access and/or bathrooms shall meet all California Building Code Requirements.

K. WILDFIRE

- 1. All regulations on the State of California's Public Resource Code, Division 4, and all Sections in 4290 and 4291 (4001-4958) shall apply to on site access unless exempted.
- 2. All regulations in the California Code of Regulations Title 14, Division 1.5, Chapter 7, Subchapter 2, and Article 1 through 5 shall apply to this application/ construction. *Mitigation measure WILD-1.*
- 3. All regulations in the California Building Code, Chapter 7 A, Section 701 A, 701 A.3 .2.A. *Mitigation measure WILD-2.*
- 4. All regulations in the California Government Code, TITLE 5. LOCAL AGENCIES [50001 - 57550], DIVISION 1. CITIES AND COUNTIES [50001 - 52203], PART 1. POWERS AND DUTIES COMMON TO CITIES AND COUNTIES [50001 - 51298.5], CHAPTER 6.8. Very High Fire Hazard Severity Zones [51175 - 51189], Section 51182. *Mitigation measure WILD-3.*
- 5. This shall include, but not be limited to property line setbacks for structures that are a minimum of 30 feet, addressing, on site water storage for fire protection, driveway/roadway types and specifications based on designated usage, all weather driveway/roadway surfaces engineered for 75,000lb vehicles, maximum slope of 16%, turnouts, gates (14 foot wide minimum), gate setbacks (minimum of 30 feet from road), parking, fuels reduction including a minimum of 100 feet of defensible space. If this property will meet the criteria to be or will be a CUPA reporting facility/entity to Lake County Environmental Health (see hyperlink below), it shall also comply specifically with PRC 4291 .3 requiring 300 feet of defensible space and fuels reduction around said structure. *Mitigation measure WILD-4.*

L. TIMING & MITIGATION MONITORING

1. The permit holder shall permit the County of Lake or representative(s) or designee(s) to make periodic and/or annual inspections at any reasonable time deemed necessary in order to assure that the activity being performed under authority of this permit is in accordance with the terms and conditions prescribed herein.
2. The applicant shall submit an Annual Performance Review Report their initial date of operation for review and approval by the Planning Commission. The Planning Commission may delegate review of the Annual Performance Review Report to the Community Development Director at the time of the initial hearing or at any time thereafter. The Annual Performance Review Report shall identify the effectiveness of the approved Major Use Permit, Operations Manual, Operating Standards, and Conditions of Approval, as well as the identification and implementation of additional procedures deemed necessary. In the event the Planning Commission identifies issues with the Annual Performance Review Report, it may lead to revocation of the approved use and/or the Planning Commission may require the submittal of more frequent Performance Review Reports. Additionally, the Performance Review Report shall include the following:
 - *The project parcel shall be inspected by the Community Development Department on an Annual Basis and/or less frequently if approved by the Community Development Director. A copy of the results from said inspection shall be provided to the applicant to for inclusion in their Performance Review Report.*
 - *The applicant shall maintain a record of all complaints and resolution of complaints and provide tally and summary of the issues in the Annual Performance Review Report.*
 - *A Compliance Monitoring Fee of \$760.00 shall be paid by applicant and accompany the Performance Review Report.*
 - *A Compliance Monitoring Inspection of the Cultivation Site shall be conducted annually during growing season. The applicant shall contact the Community Development Department to schedule such inspection.*
 - *If there are no violation of the use permit and/or State License during the first five (5) years, the inspections may be reduced by the Community Development Director to not less than once every 5 years*
 - *Non-compliance by the applicant in allowing the inspection by the Community Development Department, or refusal to pay the required fees, or noncompliance in submitting the annual "Performance Review Report" for review by the Planning Commission shall be deemed grounds for a revocation of the development permit or use permit and subject the holder of the permit(s) to the penalties outlined in this Code.*
3. The applicant(s) shall submit an application for **renewal** of the authorized use to the Community Development Department a minimum of 180 days prior to the expirations date of said use. **Failure to submit an application for renewal at least six months prior to the expiration date of the permit may result in the expiration of the permit.** Applicant shall submit the required application, associated fees and the following additional information which may include but is not limited to:
 - *A copy of all licenses, permits, and conditions of such licenses or permits related to the project from state agencies as appropriate including, but not limited to the California Department of Food and Agriculture, Department of Pesticide Regulation, Department of Fish and Wildlife, The State Water Resources Control Board, Board of Forestry and Fire Protection, Central Valley or North Coast Regional Water Quality Control Board, and the Department of Public Health.*
 - *A copy of all reports provided the County and State agencies as determined by the Director.*
 - *A list of all employees on the premise during the past year and a copy of the background checks certification for each.*
 - *Documentation that the applicant is still qualified to be an applicant.*
 - *Any proposed changes to the use permit or how the site will be operated.*
 - *Payment of all fees as established by resolution by the Board of Supervisors.*
4. This permit may be revoked if the use for which the permit was granted is conducted as to be detrimental to the public health, safety, or welfare or as to be a nuisance. This

Applicants Signature: _____

Date: _____

permit shall be valid until it expires or is revoked pursuant to the terms of this permit and/or Chapter 21 of the Lake County Code.

5. **Indemnification:** The applicant shall indemnify and hold harmless the County and its officers, agents, and employees from actions or claims of any description brought on account of any injury or damages sustained, by any person or property resulting from the issuance of the permit and the conduct of the activities authorized under this permit.
6. This permit shall be null and void if not used by **October 8, 2022** or if the use is abandoned for a period of two (2) years.

Scott DeLeon, Director
COMMUNITY DEVELOPMENT DEPARTMENT
