A. GENERAL

1. The use hereby permitted shall substantially conform to the ***Site Plan(s), Project Description*** and ***Property Management Plan*** and any conditions of approval imposed by the **Major Use Permit** and Review Authority for the outdoor cultivation of **65,000** square feet of cultivation area as shown on the approved site plan for this action, and for two small sheds for use of chemical and security data storage. This approval includes a Type 13 'self-distribution' license. The Community Development Director may approve, in writing, minor modifications that do not result in increased environmental impacts. Applicant shall be in substantial conformance with the following:
 - a. Property Management Plan received November 15, 2019
 - b. Site Plans received March 2, 2020
2. This permit does not abridge or supersede the regulatory powers or permit requirements of any federal, state, local agency, special district or department which may retain a regulatory or advisory function as specified by statute or ordinance. The applicant shall obtain permits as may be required from each agency.
3. **Prior to cultivation**, the applicant shall obtain building permits for all new structures.
4. **Prior to cultivation and following completion of the improvements to the internal driveway**, the applicant shall contact the Lake County Building Department to schedule an inspection(s) to assure that Public Resource Code sections 4290 and 4291 are being complied with; at 707-263-2221.
5. **Prior to cultivation**, the permit holder shall adhere to all requirements of Chapter 13 of the Lake County Code, including but not limited to adherence with the Hazardous Vegetation requirements
6. All necessary permits shall be obtained from applicable Federal, State and County agencies having jurisdiction over this project **prior to a building permit** including but not limited to, Department of Cannabis Control, Department of Food and Agriculture, Department of Pesticide Regulation, Department of Fish and Wildlife, The State Water Resources Control Board, Board of Forestry and Fire Protection, Central Valley or North Coast Regional Water Quality Control Board, Department of Public Health, and Department of Consumer Affairs.
7. The Applicant shall comply with the State of California Track and Trace requirements.
8. The applicant shall not sell, transfer and/or give cannabis or cannabis products to any person under the age of 21 and/or allow any person under the age of 21 into the cultivations area and/or employ or retain persons under the age of 21 years old.
9. An applicant shall keep accurate records of commercial cannabis activity. All records related to commercial cannabis activity as defined by the State Licensing Authorities shall be maintained for a minimum of seven (7) years.
 - *The County may examine the books and records of an applicant and inspect the premises of a permittee when the County deems necessary to perform its*

duties under this division. All inspections shall be conducted during standard business hours of the permitted facility or at any other reasonable time.

- Applicants shall keep records identified by the County on the premises of the location permitted and the County may make any examination of the records of any applicant. Applicants shall also provide and deliver copies of such documents to the County upon request.*
- An applicant, or its agent or employee, that refuses, impedes, obstructs, or interferes with an inspection of the premises or records of the applicant pursuant to this section, has engaged in a violation of this article.*

10. **Prior to cultivation**, all applicants and/or employees shall undergo a background check by the Lake County Sheriff Department.
11. **Prior to cultivation under this license**, all structure(s) used for commercial cultivation shall meet accessibility standards. Please contact the Community Development Department - Building Division for more information.
12. All employees shall have access to restrooms and hand-wash stations. The restrooms and hand wash stations shall meet all accessibility requirements.
13. The proper storage of equipment, removal of litter and waste, and cutting of weeds or grass shall not constitute an attractant, breeding place or harborage for pest.
14. The applicant shall maintain a record of all complaints and resolution of complaints and provide tally and summary of the issues in the Annual Performance Review Report.
15. The permit holder shall pay the cannabis cultivation tax to the Lake County Tax Collector in accordance to the cannabis billing cycle. The applicant shall submit proof of payment to the Community Development Department within thirty (30) days of receiving payment confirmation. Failure to pay said cultivation tax will result in the initiation of permit revocation proceedings. For further details on cultivation taxes, please contact the Lake County Tax Collectors Office at (707) 263-2234.
16. This permit shall be null and void if not used by **March 25, 2023** or if the use is abandoned for a period of two (2) years.
17. The California Department of Fish & Wildlife filing fee shall be submitted as required by California Environmental Quality Act (CEQA) statute, Section 21089(b) and Fish and Game Code Section 711.4. The fee should be submitted to the Community Development Department within five days of approval of the Use Permit and mitigated negative declaration by the Planning Commission.
18. **Prior this use permit becoming effective, operative, vested or final** the applicant shall pay the second installment of the Cannabis Program Service Fee in the amount of \$1,623.50 to the Community Development Department.
19. **Prior to this permit having any force or effect**, the applicant(s) shall submit to the Community Development Department a summary response in writing establishing compliance with these conditions of approval, as well as documenting compliance with all obligations of the Property Management Plan, including dates of compliance and referencing documents or other evidence of compliance.
20. **Prior to this permit having any force or effect**, the permittee(s) shall adhere to the Lake County Division of Environmental Health requirements regarding on-site wastewater treatment and/or potable water requirements. The permittee shall contact the Lake County Division of Environmental Health for details.
21. **Indemnification:** The applicant shall indemnify and hold harmless the County and its officers, agents, and employees from actions or claims of any description brought on account of any injury or damages sustained, by any person or property resulting from the issuance of the permit and the conduct of the activities authorized under this permit.

B. AESTHETICS

1. Prior to this use permit having any force or effect, the applicant shall plant oak trees (or an equivalent specie subject to the approval of the Community Development Director)

on a 5:1 ratio (60 new trees). These trees will be provided with irrigation water, and shall be maintained in a healthy state for the duration of the use permit. The trees shall be no less than 5 gallon containers at time of planting.

2. All greenhouses incorporating artificial lighting shall be equipped with blackout film/material to be used at night for maximum light blockage to lessen the impact on the surrounding parcels and the dark skies. Applicant shall submit a Blackout Film/Materials Plan to the Community Development Department for review and approval prior to issuance of any permits.

C. AIR QUALITY

1. Prior to cultivation, the applicant shall submit an Odor Control Plan to the Community Development Department for review and approval. The applicant shall plant fragrant non-cannabis plants along the northern and eastern portion of the northern-most site, and along the southern and eastern portion of the southern-most site. Fragrant plant species are plants such as lavender, mint, or similar plants that will mask the odor of cannabis plants. Planting density shall be no greater than 3' between plants, and plants shall be irrigated and maintained for the duration of the use permit.
2. All Mobile diesel equipment used for construction and/or maintenance shall be compliance with State registration requirements. Portable and stationary diesel powered equipment must meet the requirements of the State Air Toxic Control Measures for CI engines as well as Lake County Noise Emission Standards.
3. Construction and/or work practices that involve masonry, gravel, grading activities, vehicular and fugitive dust shall be managed by use of water or other acceptable dust palliatives to mitigate dust generation during and after site development.
4. The applicant shall maintain records of all hazardous or toxic materials used, including a Material Safety Data Sheet (MSDS) for all volatile organic compounds utilized, including cleaning materials to the Lake County Air Quality Management District.
5. All vegetation during site development shall be chipped and spread for ground cover and/or erosion control. The burning of vegetation, construction debris, including waste material is prohibited.
6. The applicant shall have the primary access and parking areas surfaced with chip seal, asphalt or an equivalent all weather surfacing to reduce fugitive dust generation. The use of white rock as a road base or surface material for travel routes and/or parking areas is prohibited.
7. All areas subject infrequent use of driveways, over flow parking, etc., shall be surfaced with gravel. Applicant shall regularly use and/or maintain graveled area to reduce fugitive dust generations.

D. CULTURAL AND TRIBAL RESOURCES:

1. Should any archaeological, paleontological, or cultural materials be discovered during site development, all activity shall be halted in the vicinity of the find(s), the culturally-related Tribe shall be notified, and a qualified archaeologist retained to evaluate the find(s) and recommend mitigation procedures, if necessary, subject to the approval of the Community Development Director. Should any human remains be encountered, they shall be treated in accordance with Public Resources Code Section 5097.98 and with California Health and Safety Code section 7050.5.
2. CUL-2: All employees shall be trained in recognizing potentially significant artifacts that may be discovered during ground disturbance. If any artifacts or remains are found, the culturally-related Tribe shall immediately be notified; a licensed archaeologist shall be notified, and the Lake County Community Development Director shall be notified of such finds.

E. GEOLOGY AND SOIL MITIGATION MEASURES:

1. Excavation, filling, vegetation clearing or other disturbance of the soil shall not occur between October 15 and April 15 unless authorized by the Community Development

Director. The actual dates of this defined grading period may be adjusted according to weather and soil conditions at the discretion of the Community Development Director.

F. HAZARDS & HAZARDOUS MATERIALS

1. Storage of potentially hazardous waste shall be in its original package, and shall be clearly labeled to display the volume and type of material stored. These packages will be kept inside a storm-proof shed, a locked storage area that will only be accessible to authorized staff. When removing materials from storage the employee name, the type of material, date, and time will be entered into a hazardous waste manifest located within the secure storage area and will be stored for five years. When returning material into storage, the type of material, volume used, name of employee, date and time will be entered into the manifest. Storage areas containing hazardous waste will be inspected weekly by staff/employees to ensure accurate record keeping and safe storage conditions.

G. HYDROLOGY & WATER QUALITY

1. **Prior to this permit having any force or effect**, the permit holder shall provide a water availability analysis, prepared by a qualified professional, indicating that there is sufficient water available to sustain the proposed use and adequate aquifer recharge occurring following irrigation system use. An applicant shall maintain a record of all data collected and shall provide a report of the data collected to the County annually.
2. The illicit discharge of irrigation or storm water from the project parcel, as defined in Tile 40 of the Code of Federal regulation, Sections 122.26, which may result in degradation of water quality of any water body is prohibited.
3. **Prior to this permit having any force or effect**, the applicant shall submit a Storm Water Management Plan based on the requirements of the California Regional Water Quality Control Board – Central valley region to the Community Development Department for review and approval. Said plan shall include the following:
 - *Identification of any Lake County maintained drainage or conveyance system that the storm water is discharged into and documentation that the storm water discharge is in compliance with the design parameters of those structures.*
 - *Identification of any public roads and bridges that are downstream of the discharge point and documentation that the storm water discharge is in compliance with the design parameters of any such bridges.*
 - *Documentation that the discharge of storm water from the site will not increase the volume of water that historically has flow onto adjacent properties.*
 - *Documentation that the discharge of storm water will not increase flood elevations downstream of the discharge point.*
 - *Documentation that the discharge of storm water will not degrade water quality of any water body.*
 - *Documentation of compliance with the requirements of Chapter 29, Storm Water Management Ordinance of the Lake County Ordinance Code.*
 - *Describe the proposed grading of the property.*
 - *Describe the storm water management system.*
 - *Describe the best management practices (BMPs) that will be used during construction and those that will be used post-construction. Post-construction BMPs shall be maintained through the life of the permit.*
 - *Describe what parameters will be monitored and the methodology of the monitoring program.*
4. The applicant shall maintain all necessary permits from the Central Valley Regional Water Quality Control Board and submit written verification to the Community Development Department. A copy of all permits shall be included in the Annual Performance Report.
5. The applicant shall have a legal water source on the premises, and shall obtain and maintain all necessary Federal, State or local permits required to utilize the water source. If the permitted activity utilizes a shared source of water from another site, such source shall be a legal source, have all Federal, State or local permits required to utilize the water source, and have a written agreement between the property owner of the site where the source is located and the permitted activity agreeing to the use of the water source and all terms and conditions of that use.

6. The use of water provided by a public water supply, unlawful water diversions, transported by a water hauler, bottled water, a water-vending machine, or a retail water facility is prohibited. The utilization of water that has been or is illegal diverted from any lake, springs, wetland, stream, creek, vernal pool and/or river is prohibited. The applicant shall not engage in unlawful or unpermitted drawing of surface water.
7. The applicant may use water supplied by a licensed retail water supplier, as defined in Section 13575 of the Water Code, on an emergency basis only. The applicant shall notify the Community Development Department within seven (7) days of the emergency and provide the following information: (a) A detailed description of the emergency; (b) Identification of the retail water supplier including license number; (c) The volume of water supplied and actions taken to prevent the emergency in the future.

H. NOISE

1. All construction activities including engine warm-up shall be limited Monday Through Friday, between the hours of 7:00am and 7:00pm to minimize noise impacts on nearby residents. Back-up beepers shall be adjusted to the lowest allowable levels. This mitigation does not apply to night work.
2. Maximum non-construction related sounds levels shall not exceed levels of 55 dBA between the hours of 7:00AM to 10:00PM and 45 dBA between the hours of 10:00PM to 7:00AM within residential areas as specified within Zoning Ordinance Section 21-41.11 (Table 11.1) at the property lines.
3. The operation of the Air Filtration System shall not exceed levels of 57 dBA between the hours of 7:00AM to 10:00PM and 50 dBA from 10:00PM to 7:00AM within residential areas as specified within Zoning Ordinance Section 21-41.11 (Table 11.2) measured at the property lines.

I. TRANSPORTATION

1. Prior to this use permit having any force or effect, the applicant will be required to do road improvements to the internal road and comply with Public Resource Code (PRC) sections 4290 and 4291. The Building Official will inspect this road following completion of the road to assure PRC compliance.
1. All deliveries and/or pickups shall during the hours of Monday through Saturday from 7:00AM to 7:00 p.m. and Sundays from 12:00 p.m. to 5:00 p.m.
2. **Prior to final inspection**, the applicant shall provide a minimum of one (1) parking space per employee on the shift having the largest number of employees. The applicant is proposing up four (4) employees, therefore there shall be a minimum of four (4) employee parking spaces and one (1) Accessibility Compliant Parking Space.
3. The project site(s) shall have access to a public road or a recorded easement that allows for, but not limited to, delivery trucks, emergency vehicles, sheriff and other law enforcement officers, and government employees who are responsible for inspection or enforcement actions. Driveway encroachments onto County-maintained roadways shall be constructed to current County standards and shall be constructed with an encroachment permit obtained from the Department of Public Works.
 - a) *All driveways shall be constructed and maintained so as to prevent road surface and fill material from discharging to any surface water body*
 - b) *The design of all access to and driveways providing access to the site where the cannabis related activity that is permitted shall be sufficient to be used by all emergency vehicles and shall be approved by the applicable fire district.*
 - c) *Gates shall not be constructed across driveways or access roads that are used by neighboring properties or the general public. Gates constructed across public access easements are subject to removal per State Street and Highway Codes.*
4. Driveway encroachments onto State and/or County-maintained roadways shall be constructed to current federal, State or local Standards and shall be constructed with an encroachment permit.
5. First fifty (50) feet of a driveway beginning at the edge of the existing improved surface shall be constructed and maintained with an all-weather surface. An all-weather surface

includes: Six (6) inches of gravel or crushed rock, an oil and rock surface, asphaltic concrete, or concrete as to prevent road surfaces and fill material from discharging to any surface water body. The use of White Rock is prohibited for any road surfacing.

8. The applicant shall meet and maintain all the requirements and/or regulations as define in 14 California Code of Regulations (CCR), Division 1.5, Chapter 7, Subchapter 2, Article 2, §1273.00 through §1273.11 of the California Department of Forestry and Fire Protection (Cal Fire) for Emergency Access and Egress Requirements.
9. Gates shall not be constructed across driveways or access roads that are used by neighboring properties or the general public. Gates constructed across public access easements are subject to removal per State Street and Highway Codes. A Knox box is required on all gated entrances.
10. **Prior to final inspection**, all Accessible Compliant Parking Areas, routes of travel, building access and/or bathrooms shall meet all California Building Code Requirements.

J. WILDFIRE

1. All regulations on the State of California's Public Resource Code, Division 4, and all Sections in 4290 and 4291 (4001-4958) shall apply to on site access.

K. TIMING & MITIGATION MONITORING

1. The permit holder shall permit the County of Lake or representative(s) or designee(s) to make periodic and/or annual inspections at any reasonable time deemed necessary in order to assure that the activity being performed under authority of this permit is in accordance with the terms and conditions prescribed herein.
2. The applicant shall submit an Annual Performance Review Report their initial date of operation for review and approval by the Planning Commission. The Planning Commission may delegate review of the Annual Performance Review Report to the Community Development Director at the time of the initial hearing or at any time thereafter. The Annual Performance Review Report shall identify the effectiveness of the approved Major Use Permit, Operations Manual, Operating Standards, and Conditions of Approval, as well as the identification and implementation of additional procedures deemed necessary. In the event the Planning Commission identifies issues with the Annual Performance Review Report, it may lead to revocation of the approved use and/or the Planning Commission may require the submittal of more frequent Performance Review Reports. Additionally, the Performance Review Report shall include the following:
 - *The project parcel shall be inspected by the Community Development Department on an Annual Basis and/or less frequently if approved by the Community Development Director. A copy of the results from said inspection shall be provided to the applicant to for inclusion in their Performance Review Report.*
 - *A Compliance Monitoring Fee of \$760.00 shall be paid by applicant and accompany the Performance Review Report.*
 - *A Compliance Monitoring Inspection of the Cultivation Site shall be conducted annually during growing season. The applicant shall contact the Community Development Department to schedule such inspection.*
 - *If there are no violation of the use permit and/or State License during the first five (5) years, the inspections may be reduced by the Community Development Director to not less than once every 5 years*
 - *Non-compliance by the applicant in allowing the inspection by the Community Development Department, or refusal to pay the required fees, or noncompliance in submitting the annual "Performance Review Report" for review by the Planning Commission shall be deemed grounds for a revocation of the development permit or use permit and subject the holder of the permit(s) to the penalties outlined in this Code.*
3. The applicant(s) shall submit an application for renewal of the authorized use to the Community Development Department a minimum of 180 days prior to the expirations date of said use. Failure to submit an application for renewal at least six months prior to the expiration date of the permit may result in the expiration of the permit. Applicant shall submit the required application, associated fees and the following additional information which may include but is not limited to:

- *A copy of all licenses, permits, and conditions of such licenses or permits related to the project from state agencies as appropriate including, but not limited to the California Department of Food and Agriculture, Department of Pesticide Regulation, Department of Fish and Wildlife, The State Water Resources Control Board, Board of Forestry and Fire Protection, Central Valley or North Coast Regional Water Quality Control Board, and the Department of Public Health.*
- *A copy of all reports provided the County and State agencies as determined by the Director.*
- *A list of all employees on the premise during the past year and a copy of the background checks certification for each.*
- *Documentation that the applicant is still qualified to be an applicant.*
- *Any proposed changes to the use permit or how the site will be operated.*
- *Payment of all fees as established by resolution by the Board of Supervisors.*

4. This permit may be revoked if the use for which the permit was granted is conducted as to be detrimental to the public health, safety, or welfare or as to be a nuisance. This permit shall be valid until it expires or is revoked pursuant to the terms of this permit and/or Chapter 21 of the Lake County Code.
