

2021 GOALS

A Road Map to 2028

THIS PRESENTATION LISTS MY PRIORITIES FOR
THE UPCOMING YEAR 2021.

1. INVESTING IN OUR WORKFORCE
2. ECONOMIC DEVELOPMENT THESE ARE THE PRIORITIES THAT I BELIEVE WILL HELP US ACHIEVE THE GOALS WE HAVE HAVE LAID OUT IN OUR VISION 2028 FOR LAKE COUNTY.

#1 PRIORITY Work force investment

1. Investing in our workforce is my number 1 priority for 2021 it will be our best return on any investment we can make as Board.
2. The workforce is the implementation arm of our vision 2028 for Lake County that is why I think it is so critical.
3. We have taken a small step forward with the implementation of the recent class and comp study but there is more work to be done by the Board by the end of 2021.

Economic Development

1. The investment in the workforce will in turn be supportive to the developers and contractors and constituents when dealing with county departments.
2. A positive attitude towards new development both by the Board and each department- how to get to “yes” for economic development.
3. Looking for long term infrastructure projects that will lead to long term investment and returns for the County.

Challenges or Obstacles

1. Dealing with an ongoing Global Pandemic and natural disasters have brought extreme challenges.
2. Changing the old culture of “we can’t” to “we can’.
3. Funding the workforce investment for the long term.

Closing

Thank you for the oppurtinty to present my priorities today. I look forward to the conversations to follow.
