**A. GENERAL CONDITIONS:**

1. The use hereby permitted shall substantially conform to the **Site Plan(s), Project Description** and **Property Management Plan**, and any conditions of approval imposed by the **Major Use Permit** and Review Authority for the **Cultivation of Commercial Cannabis** as shown on the approved site plan for this action. The Community Development Director may approve, in writing, minor modifications that do not result in increased environmental impacts. The Applicant shall be in substantial conformance with the following:
  - a. Property Management Plan, revised August 4, 2020
  - b. Site plans, received **05/09/2020**
  - c. Support documentation provided by the applicant
2. This permit does not abridge or supersede the regulatory powers or permit requirements of any federal, state, local agency, special district, or department which may retain a regulatory or advisory function as specified by statute or ordinance. The applicant shall obtain permits as may be required from each agency.
3. **Prior to operation and construction**, the applicant shall obtain permits from all necessary Federal, State, and local agencies for the construction/development of any infrastructure.
4. **Prior to operation**, the applicant shall contact the Lake County Building Department to schedule an inspection(s) to ensure compliance with Public Resource Code sections 4290/4291.
5. **Prior to operation**, the applicant shall schedule an inspection with the Lake County Code Enforcement Division within the Community Development Department to verify adherence to all requirements of Chapter 13 of the Lake County Code, including but not limited to adherence with the Hazardous Vegetation requirements.
6. **Prior to operation**, the applicant shall provide adequate security on the premises. All fencing installed shall be a minimum of six (6) feet height and cannot exceed eight (8) feet in height. If the fencing exceeds eight (8) feet height, the applicant shall obtain all necessary building permits.
7. If there is a change in the project manager (permit holder representative), the permit holder shall submit notarized written documentation to the Community Development Department for review and approval. Said documentation shall include the following:
  - *Name of Individual and Title*
  - *Contact Information (Phone, email, and address)*
  - *What that individual is authorized to do.*
8. If there is a change in the use permit holder(s), the new permit holder(s) shall submit notarized written documentation that they are formally taking over said permit to the

Community Development Department for review and approval, including submitting submit the required application and appropriate fees.

9. If the subject properties have a change of ownership, the applicant shall obtain written approval from all property owner(s), which authorize the tenant(s) or lessee(s) to cultivate cannabis at the project site(s). Said written verification containing the property owner(s) signature shall be notarized.
  - A copy of the written approval shall be maintained by the tenant or lessee and made available for review upon request. Written approvals shall be renewed annually.
10. **Prior to operation**, the applicant is responsible for ensuring that all project workers are informed of, understand, and agree to abide by the approved plans and project conditions.
11. **Prior to operation**, all necessary permits shall be obtained from all applicable federal, state, and county agencies having jurisdiction over this project. Said permits shall be maintained for the life of the project.
12. All structures located within a designated flood zone shall adhere to all federal, state, and local agency requirements, including Chapter 25 (*Flood Plain Management*) of the Lake County Code.
13. **Prior to this use permit being valid, vested, or operative**, all necessary permits shall be obtained from all applicable federal, state and county agencies having jurisdiction over this project including but not limited to the Department of Cannabis Control, Department of Food and Agriculture, Department of Pesticide Regulation, Department of Fish and Wildlife, The State Water Resources Control Board, Board of Forestry and Fire Protection, Central Valley or North Coast Regional Water Quality Control Board, Department of Public Health, and Department of Consumer Affairs. Said permits shall be maintained for the life of the project.
  - *A copy of said permits shall be submitted to the Lake County Community Development Department for review and approval. If permits are not required, the applicant shall obtain written documentation from each agency and submit said documentation to the Community Development Department.*
  - If there is a change in name of permit operator(s), the new permit operator(s) shall be responsible for ensuring all applicable permits are up to date.
14. This use permit does not authorize any manufacturing of cannabis and/or cannabis by-products. Should the manufacturing and/or extraction of cannabis, including its byproducts become allowed by the County Code, the applicant may apply for the appropriate permit.
15. **Prior to operation**, the applicant shall be enrolled in and comply with the **State of California Track and Trace** program and all requirements, including having all cannabis plants properly tagged. Additionally, the applicant shall submit written verification to the Lake County Community Development Department for review and approval.
16. The applicant shall not sell, transfer and/or give cannabis or cannabis products, nor allow into the cultivation area, nor employ or retain any persons under the age of 21.
17. An applicant shall keep accurate records of commercial cannabis activity. All records related to commercial cannabis activity as defined by the State Licensing Authorities shall be maintained for a minimum of seven (7) years. **Said records shall be made available upon request at any given time.**
  - *The County may examine the books and records of an applicant and inspect the premises of a permittee when the County deems necessary to perform its duties under this division. All inspections shall be conducted during standard business hours of the permitted facility or at any other reasonable time.*
  - *Applicants shall keep records identified by the County on the premises of the location permitted and the County may make any examination of the records of any applicant. Applicants shall also provide and deliver copies of such documents to the County upon request.*
  - *An applicant, or its agent or employee, that refuses, impedes, obstructs, or interferes with an inspection of the premises or records of the applicant pursuant to this section, has engaged in a violation of this article.*

18. **Prior to operation**, all current and future applicants and/or employees, including private contractors, shall undergo and pass a background check by the Lake County Sheriff Department. Pursuant to California Business and Professions Code, Section 26057, if an individual who has failed a background check becomes involved in any aspect of the cultivation process, or if any employee is involved with the cultivation who has not undergone a background check, the use permit will be brought before the Planning Commission for consideration of revocation. **A list of all employees, including private contractors, shall be made available upon request.**
19. The applicant shall provide adequate security measures per Article 27 of the Lake County Zoning Ordinance to minimize criminal activity, provide for safe and secure working environments, protect private property, and prevent damage to the environment. Said security plan shall be reviewed and approved by the Lake County Sheriff's Office.
20. **Prior to operation**, all structure(s) used for commercial cultivation shall meet accessibility standards. Please contact the Lake County Community Development Department's Building Division for more information.
21. **Prior to operation**, all accessible compliant parking areas, routes of travel, building access, and/or bathrooms shall meet all California Building Code Requirements.
22. **Prior to operation**, all employees shall have access to restrooms and hand-wash stations. The restrooms and hand wash stations shall meet all accessibility requirements.
23. All handicap parking areas, routes of travel, building access, and bathrooms shall meet the Americans with Disabilities Act (ADA) requirements and be subject to review and approval of a Certified Accessibility Access Specialist (CASP).
24. The proper storage of equipment, removal of litter and waste, and cutting of weeds or grass shall not constitute an attractant, breeding place, or harborage for pests.
25. The applicant shall pay the cannabis cultivation tax to the Lake County Tax Collector in accordance with the cannabis billing cycle. The applicant shall submit proof of payment to the Lake County Community Development Department within thirty (30) days of receiving payment confirmation. Failure to pay said cultivation tax will result in the initiation of permit revocation proceedings. For further details on cultivation taxes, please contact the Lake County Tax Collectors Office at (707) 263-2234.
26. Your use permit was approved on **June 10, 2021**, to allow 44,060 square feet of cultivation area. If you are cultivating less than the approved square footage, you must submit a minor modification application within sixty (60) days of issuance of the cannabis billing cycle.
  - Said application shall include a written notarized statement detailing the square footage you are cultivating, a site plan drawn to scale showing the cultivation area with dimensions and a site visit (\$190.00 inspection fee required) shall be conducted to verify actual cannabis square footage.
  - Failure to submit the minor modification application to the Community Development Department for review and approval within the required timeframe may result in you being liable for the full amount due.
27. **Prior to operation**, the applicant(s) shall adhere to the Lake County Division of Environmental Health requirements regarding on-site wastewater treatment and/or potable water requirements. The applicant shall contact the Lake County Division of Environmental Health for details.
28. All food scraps, wrappers, food containers, cans, bottles, and other trash from the project area should be deposited in trash containers with an adequate lid or cover to contain trash. All food waste should be placed in a securely covered bin and removed from the site weekly to avoid attracting animals.
29. The operation shall not rely on personal gasoline, diesel, propane, or similar fuels, powered generator as a primary source of power and shall only allow properly permitted (when applicable) generators for temporary use in the event of a power outage or

emergency that is beyond the applicant's control.

29. The applicant shall adhere to all applicable requirements in the Lake County Zoning Ordinance and the Lake County Code.
30. **Prior to Operation**, the cultivation area(s) shall be secured and fenced in accordance with Article 27 of the Lake County Zoning Ordinance.
31. Security lighting shall be motion-activated and all outdoor lighting shall be shielded and downcast or otherwise positioned in a manner that will not shine a light or allow light glare to exceed the boundaries of the lot of records upon which they are placed.
32. The applicant shall maintain records of all hazardous or toxic materials used, including a Material Safety Data Sheet (MSDS) for all volatile organic compounds utilized, including cleaning materials. Said information shall be made available upon request and/or the ability to provide the Lake County Air Quality Management District such information to complete an updated Air Toxic emission Inventory.
33. All areas subject to infrequent use of driveways, overflow parking, etc., shall be surfaced with gravel. The applicant shall regularly use and/or maintain the graveled area to reduce fugitive dust generations.
34. **Prior to Operation**, the applicant shall obtain all necessary permits from the Lake County Air Quality Management District (LCAQMD) and submit a copy of said permits to the Lake County Community Development Department. All permits shall be obtained and maintained for the life of the project or until the operation is closed and the equipment is removed.
35. Should any archaeological, paleontological, or cultural materials be discovered during site development, all activity shall be halted in the vicinity of the find(s), the local overseeing Tribe(s) shall be notified, and a qualified archaeologist retained to evaluate the find(s) and recommend mitigation procedures, if necessary, subject to the approval of the Community Development Director. Should any human remains be encountered, they shall be treated in accordance with Public Resources Code Section 5097.98 and with California Health and Safety Code section 7050.5.
36. All employees shall be trained in recognizing potentially significant artifacts that may be discovered during a ground disturbance. If any artifacts or remains are found, the local overseeing Tribe shall immediately be notified; a licensed archaeologist shall be notified, and the Lake County Community Development Director shall be notified of such finds.
37. In the event of an unanticipated discovery of cultural resources during the implementation of the project, all work must be halted within 100 feet (30 meters) of the find and a qualified archaeologist (36 CFR Part 61) notified so that its potential significance can be assessed.
38. Pursuant to Health and Safety Code section 7050.5:
  - Every person who knowingly mutilates or disinters, wantonly disturbs, or willfully removes any human remains in or from any location other than a dedicated cemetery without the authority of law is guilty of a misdemeanor, except as provided in Section 5097.99 of the Public Resources Code. The provisions of this subdivision shall not apply to any person carrying out an agreement developed pursuant to subdivision (I) of Section 5097.94 of the Public Resources Code or to any person authorized to implement Section 5097.98 of the Public Resources Code.
  - In the event of discovery or recognition of any human remains in any location other than a dedicated cemetery, there shall be no further excavation or disturbance of the site or any nearby area reasonably suspected to overlie adjacent remains until the coroner of the county in which the human remains are discovered has determined, in accordance with Chapter 10 (commencing with Section 27460) of Part 3 of Division 2 of Title 3 of the Government Code, that the remains are not subject to the provisions of Section 27491 of the Government Code or any other related provisions of law concerning the investigation of the circumstances, manner, and cause of any death, and the recommendations concerning the treatment and disposition of the human

remains have been made to the person responsible for the excavation, or his or her authorized representative, in the manner provided in Section 5097.98 of the Public Resources Code. The coroner shall make his or her determination within two working days from the time the person responsible for the excavation, or his or her authorized representative notifies the coroner of the discovery or recognition of the human remains.

- If the coroner determines that the remains are not subject to his or her authority and if the coroner recognizes the human remains to be those of a Native American or has reason to believe that they are those of a Native American, he or she shall contact, by telephone within 24 hours, the Native American Heritage Commission.
39. All waste and by-products shall be kept in plastic drums with tight-fitting lids so that water is not able to make contact with the contents and potentially leach into the environment.
  40. Pesticides and fertilizer storage facilities shall be located outside of the Riparian Corridor setbacks for structures and not located within 100 feet of a wellhead and all watercourses.
  41. The use of water provided by a public water supply, unlawful water diversions, transported by a water hauler, bottled water, a water vending machine, or a retail water facility is prohibited. The utilization of water that has been or is illegally diverted from any lake, springs, wetland, stream, creek, vernal pool, and/or river is prohibited. The applicant shall not engage in any unlawful or unpermitted drawing of surface water.
  42. The applicant shall maintain all necessary permits from the Central Valley Regional Water Quality Control Board and submit written verification to the Community Development Department. A copy of all permits shall be included in the Annual Performance Report.
  43. The applicant shall maintain a minimum of a one-hundred-foot setback from the top of the bank of any creek (perennial and intermittent), the edge of the lake, delineated wetland, and/or vernal pool on the lot of record of land.
  44. Pursuant to Article 27 of the Lake County Zoning Ordinance, the removal of any commercial tree species as defined by the California Code of Regulations section 895.1, Commercial Species for the Coast Forest District and Northern Forest District, and the removal of any true oak species (*Quercus* species) or Tan Oak (*Notholithocarpus* species.) for the purpose of developing a cannabis cultivation site should be avoided and minimized. This shall not include the pruning of any such tree species for the health of the tree or the removal of such trees if necessary for safety or disease concerns.
  45. Excavation, filling, vegetation clearing, or other disturbance of the soil shall not occur between October 15 and April 15 unless authorized by the Community Development Director. The actual dates of this defined grading period may be adjusted according to weather and soil conditions at the discretion of the Community Development Director.
  46. The permit holder shall monitor the site during the rainy season (October 15 -May 15), including post-installation, application of BMPs, erosion control maintenance, and other improvements as needed.
  47. All temporarily exposed piles of soil or surface disturbances shall have tarping and sandbags or other stabilization materials deployed in order to prevent discharge of sediments in the event of a rain or wind event.
  48. Prior to operation, all accessible compliant parking areas, routes of travel, building access, and/or bathrooms shall meet all California Building Code Requirements.
  49. Prior to operation, all structure(s) used for commercial cultivation shall meet accessibility standards. Please contact the Lake County Community Development Department's Building Division for more information.
  50. Prior to operation, the applicant shall provide new site plans to incorporate a small 120 square feet security shed into the revised site plan for approval within the cultivation area.
  51. All staging or storage of materials to develop the commercial cannabis cultivation shall be located in a previously disturbed area only.

52. Prior to operation, all employees shall have access to restrooms and hand-wash stations. The restrooms and hand wash stations shall meet all accessibility requirements.
53. The applicant shall maintain records of all hazardous or toxic materials used, including a Material Safety Data Sheet (MSDS) for all volatile organic compounds utilized, including cleaning materials. Said information shall be made available upon request and/or the ability to provide the Lake County Air Quality Management District such information to complete an updated Air Toxic Emission Inventory.
54. The project shall comply with Section 41.7 of the Lake County Zoning Ordinance that specifies that all uses involving the use or storage of combustible, explosive, caustic, or otherwise hazardous materials shall comply with all applicable local, state, and federal safety standards and shall be provided with adequate safety devices against the hazard of fire and explosion, and adequate firefighting and fire suppression equipment.
55. All equipment shall be maintained and operated in a manner that minimizes any spill or leak of hazardous materials. Hazardous materials and contaminated soil shall be stored, transported, and disposed of in a manner that is consistent with applicable local, state, and federal regulations.
56. **Prior to Operation**, all employees and/or staff members shall be properly trained in and utilize Personnel Protective Equipment in accordance with all federal, state, and local regulations regarding handling any biological and/or chemical agents.
57. Hazardous waste must be handled according to all Hazardous Waste Control and Generator regulations. Waste shall not be disposed of on-site without review or permits from EHD, the California Regional Water Control Board, and/or the Air Quality Board. Collected hazardous or toxic waste materials shall be recycled or disposed of through a registered waste hauler to an approved site legally authorized to accept such material.
58. The applicant(s) shall properly maintain all waste treatment systems to prevent contamination in areas where cannabis products may be exposed to such waste or waste by-products.
59. The applicant shall adhere to all Federal, State, and Local regulations regarding wastewater treatment and water usage requirements.
60. The illicit discharge of irrigation or stormwater from the project parcel, as defined in Title 40 of the Code of Federal Regulation, Section 122.26, which may result in degradation of water quality of any water body is prohibited.
61. All drainage areas shall be properly maintained to prevent contamination by seepage, foot-borne filth, or the breeding of pests due to unsanitary conditions. Said area shall be maintained for the life of the project.
62. The applicant shall adhere to all requirements in Chapter 29 (*Storm Water Management Ordinance*) of the Lake County Code to protect the water quality of the surface water and downstream receiving water bodies from water quality degradation.
63. **Prior to Operation**, the applicant shall maintain all necessary permits from the Central Valley Regional Water Quality Control Board and submit written verification to the Community Development Department. The applicant shall contact the Central Valley Water Control Board for details. Once the appropriate permits have been obtained, the applicant shall submit a copy of all permits to the Lake County Community Development Department.
64. If a well(s) is used for the cannabis operation, the well shall be located on the premises, an adjacent parcel, or piped through a dedicated easement. The production well shall have a meter to measure the amount of water pumped. The methodology of the monitoring program shall be described as follows:
  - *A monitoring well of equal depth within the cone of influence of the production well may be substituted for the water level monitoring of the production well.*
  - *The monitoring wells shall be constructed and monitoring began at least three months prior to the use of the supply well.*

Date: \_\_\_\_\_

- *An applicant shall maintain a record of all data collected and shall provide a report of the data collected to the County annually.*
  - *All monitoring well data shall be made available upon request.*
65. The applicant may use water supplied by a licensed retail water supplier, as defined in Section 13575 of the Lake County Water Code, on an *Emergency Basis Only*. The applicant shall notify the Lake County Community Development Department within 7 days of the emergency and provide the following information:
- *A detailed description of the emergency*
  - *Identification of the retail water supplier including the license number*
  - *The volume of water supplied and actions taken to prevent the emergency from reoccurring in the future.*
66. Maximum non-construction-related sound levels shall not exceed levels of 55 dBA between the hours of 7:00 AM to 7:00 PM and 45 dBA between the hours of 10:00 PM to 7:00 AM within residential areas as specified within Zoning Ordinance Section 21-41.11 (Table 11.1) at the property lines.
67. The operation of the Air Filtration System shall not exceed levels of 57 dBA between the hours of 7:00 AM to 10:00 PM and 50 dBA from 10:00 PM to 7:00 AM within residential areas as specified within Zoning Ordinance Section 21-41.11 (Table 11.2) measured at the property lines.
68. All deliveries and/or pickups shall occur Monday through Saturday from 9:00 AM to 7:00 PM and Sundays from 12:00 PM to 5:00 PM
69. **Prior to operation**, the applicant shall provide a minimum of one (1) parking space per employee on the shift having the largest number of employees as well as one (1) ADA compliant parking space.
- *Parking spaces shall be a minimum of nine (9) feet in width and not less than twenty (20) feet in length (9' x 20')*
  - *ADA parking shall be a minimum of fourteen (14) feet and a minimum length of twenty (20) feet (14' x 20').*
  - *Each loading space shall be not less than thirty-five (35) feet in length and twelve (12) feet in width and have an overhead clearance of at least fourteen (14) feet.*
70. The applicant shall comply with the State of California Weights and Measures requirements found in the California Food and Agriculture Code, California Code of Regulations, and the California Business and Professions Code.
71. The project site(s) shall have access to a public road or a recorded easement that allows for, but is not limited to, delivery trucks, emergency vehicles, sheriff and other law enforcement officers, and government employees who are responsible for inspection or enforcement actions. Driveway encroachments onto county-maintained roadways shall be constructed to current county standards and shall be constructed with an encroachment permit obtained from the Lake County Department of Public Works.
- a) *All driveways shall be constructed and maintained to prevent road surface and fill material from discharging to any surface water body*
  - b) *The design of all access to and driveways providing access to the site where the cannabis-related activity that is permitted shall be sufficient to be used by all emergency vehicles and shall be approved by the applicable fire district.*
  - c) *Gates shall not be constructed across driveways or access roads that are used by neighboring properties or the general public. Gates constructed across public access easements are subject to removal per State Street and Highway Codes. A Knox Box is required on all gated entrances.*
72. All driveway encroachments onto state and/or county-maintained roadways shall be maintained to current federal, state, or local standards and shall be constructed with an encroachment permit. If an encroachment permit is needed, the applicant shall submit a copy of the said permit to the Lake County Community Development Department within 30 days of obtaining such permit.

77. **Prior to this use permit becoming, valid, effective, or operative**, the applicant shall coordinate with the Community Development Department and entered into an Indemnification Agreement with the County. The Indemnification Agreement hold harmless the County and its officers, agents, and employees from actions or claims of any description brought on account of any injury or damages sustained, by any person or property resulting from the issuance of the permit and the conduct of the activities authorized under said permit
78. The site shall be restored to its original state within six (6) months of the expiration of the use permit, termination of use, or abandonment of the site. The applicant shall enter into a Site Restoration Agreement subject to the approval of the Community Development Director or their designee.
79. **Prior to Operation**, the applicant(s) shall submit to the Lake County Community Development Department a summary response in writing establishing compliance with these conditions of approval, as well as documenting their compliance with all obligations of the Property Management Plan, including dates of compliance and referencing documents or other evidence of compliance.
80. The applicant shall contact the Community Development Department to schedule an annual Compliance Monitoring Inspection during the cultivation season. Prior to schedule said inspection, the applicant shall pay the established compliance monitor fee approved by the Board of Supervisors.
  - *If there are no violations of the County permit or state license during the first five years, the inspection frequency may be reduced by the Director to not less than once every five years.*
81. The applicant shall submit an Annual Performance Review Report each year from their initial date of approval by the review authority (insert date of approval) for review and approval by the Lake County Planning Commission. The Planning Commission may delegate the review of the Annual Performance Review Report to the Community Development Director at the time of the initial hearing or at any time thereafter.
  - Annual Performance Review Report shall identify the effectiveness of the approved Use Permit, Operations Manual, Operating Standards, and Conditions of Approval, as well as the identification and implementation of additional procedures deemed necessary. In the event the Planning Commission identifies issues with the Annual Performance Review Report, it may lead to revocation of the approved use and/or the Planning Commission may require the submittal of more frequent Performance Review Reports. Additionally, the Performance Review Report shall include the following:
    - *A copy of the results from said inspection shall be provided to the applicant for inclusion in their Performance Review Report.*
    - *Compliance monitoring fees pursuant to the County's adopted master fee schedule shall be paid by the permittee and accompany the "Performance Review Report" for costs associated with the review of the report by County staff.*
    - *Non-compliance by the applicant in allowing the inspection by the Community Development Department or refusal to pay the required fees or*
