Memorandum

Date: June 18, 2024

To: The Honorable Lake County Board of Supervisors

From: Anthony Arton, Health Services Director
Liberty Francis, Project Director, Tobacco Education and Prevention

Subject: Consideration of Ordinance to Regulate Smoking and Commercial Tobacco Use in efforts to address the health risk of second and third hand smoke to the community.

Executive Summary:

The proposed smoke-free ordinance for Lake County parks and properties seeks to enhance public health and preserve the natural environment. By prohibiting smoking in these areas, we aim to reduce exposure to harmful secondhand smoke and mitigate the risk of wildfires caused by discarded cigarette butts. This initiative aligns with our commitment to creating safe and healthy recreational spaces for residents and visitors alike.

Tobacco is still the leading cause of preventable disease, disability, and death, killing nearly 40,000 in California every year. The US Surgeon General has determined that there is no safe level of exposure to secondhand smoke or vapor. Tobacco smoke contains more than 7000 chemicals, hundreds are dangerous and more than 69 are known to cause cancer.

If not budgeted, fill in the blanks below only:

Estimated Cost: _____ Amount Budgeted: _____ Additional Requested: _____ Future Annual Cost: _____
