Memorandum

Date: February 11, 2020

To: The Honorable Moke Simon, Chair, Lake County Board of Supervisors

From: Scott De Leon, Public Works Director

Subject: Approve Final Parcel Map and the Deferred Improvement Agreement for Wright PM 05-08 and Authorize the Chair to sign

Executive Summary: (include fiscal and staffing impact narrative):
 The subject Final Parcel Map is being presented to the Board of Supervisors for acceptance and approval. This Parcel Map consists of three (3) parcels, the areas being 10, 10 and 10 acres in size. The property is located off of Wight Way in the Highland Springs area of Kelseyville. The current Assessor’s Parcel No. is 007-024-27. The address is 8850 Wight Way, Kelseyville. The accompanying resolution will approve and accept subject Final Parcel Map and will also accept the irrevocable offer of dedication of the portion of property within 25’ of the centerline of Wight Way. Wight Way is a County maintained road so this portion will be accepted into the County maintained road system. The offers of dedication for the off tract roadway and public utility easement were previously accepted by the Board on September 17, 2019 for Parcels 2 and 3. Frontage improvements for Parcels 1, 2, and 3 within the County right of way of Wight Way will be covered under a Deferred Improvement Agreement which will allow Parcel 1 frontage improvements to be constructed with an encroachment permit. Any future work outside the County right of way will require the owner to obtain the off tract dedication for Parcel 1.

Conditions of approval of the tentative map as imposed by the Lake County Planning Commission

have allowed for the deferral of road frontage improvements along Wight Way. A deferred improvement agreement, signed by the owners, is being presented to the Board concurrently with this Parcel Map.

Water and sewage disposal for the newly created parcels will be provided through private wells and an approved sewage disposal system, as approved by Environmental Health.
