Executive Summary: The Community Development Department (CDD) - Code Enforcement Division manages the Illegal Dumping and Nuisance Abatement Programs on behalf of the County in the unincorporated areas.

The scope of work involves the towing and abatement contract services related to identified properties through the proper removal of motor vehicles, tires, waste oil, batteries, and similar materials, as needed from private and public property and county roads and state highways throughout the unincorporated County of Lake. Jones Towing is also the only contractor to tow the RVs and boats, the demand for which has sharply increased.

Staff recommends increasing the contract amount beginning July 31, 2023, through June 30, 2024
