### Memorandum

**Date:** February 4, 2020

**To:** The Honorable Supervisor Simon, Chair, Lake County Board of Supervisors  
On behalf of Lake County Sanitation Districts

**From:** Jan Coppinger, Special Districts Administrator

**Subject:** (a) Waive the competitive bidding process, pursuant to Lake County Code Section 2-38.2, based on the determination that competitive bidding would produce no economic benefit to the County; and (b) Authorize Special Districts Administrator/Assistant Purchasing Agent to issue a purchase order not to exceed \$78,000 to Collier Capital Machine Corporation for an overhaul on the DKM 15 Stage Pump.

**Executive Summary:** (include fiscal and staffing impact narrative):

The 600 hp booster pump for the B Street pump station, which pumps treated waste to the geysers, is in need of major repair. Collier Capital Machine Corporation specializes in these very large pumps. The pump was transported to Collier, where they dismantled and assessed the damage. Trying to obtain three quotes for the pump which weighs over 1 ton and is now dismantled would be very expensive and would not produce an economic benefit to the County.

Additional quotes will not only cost additional money, it will delay the repair considerably.

An entire new bowl assembly, including the dismantling and inspection, new impellers and new wear

rings is quoted at \$77,633.09.

This is provided for in the current budget as a Geysers expense.

Due to the size of the pump and the critical need for it to be operational for long term, heavy use, staff recommends the entire new bowl assembly.

**If not budgeted, fill in the blanks below only:**

Estimated Cost: \$77,633.09 Amount Budgeted: \$77,633.09 Additional Requested: 0 Future Annual Cost: 0
