Memorandum

Date: April 20, 2021
To: The Honorable Lake County Board of Supervisors
From: Bruno Sabatier, Chair and District 2 Supervisor
Subject: Second Reading of Ordinance Amendment to Commercial Cannabis Cultivation for those impact by the Farmland Protection Zone Chapter 21, Section 27.13 (at) 1 (vi)

Executive Summary: (include fiscal and staffing impact narrative):

On December 15, 2020, the Board of Supervisors approved the second reading of the an ordinance update to cannabis cultivation regarding the creation of the Farmland Protection Zone (FPZ). Within the context of that discussion, the idea of allowing current applications to transition into compliance was brought up.

On March 25, 2021 the Planning Commission continued that discussion and provided direction to the Board of Supervisors on how to handle all applications that were impacted by the creation of the FPZ. The Planning Commission wanted a pathway for those applicants, but were not comfortable in providing an exact definition of what applications would be approved to continue and transition into compliance and which applications would be forced to comply without transition.

On April 6, 2021 the Board of Supervisors discussed a first reading of an ordinance amendment and provided feedback and also received feedback from the public. The ordinance being proposed today would be a three year transition for all applicants whose original application to the Community Development Department has been deemed complete. This is the first step after a pre-app meeting. This is not regarding any CEQA processes, just the original application.

According to staff, there are approximately 31 applications being impacted by the FPZ. 6 of which are close to

getting Use Permits, but are not able to due to the FPZ requirements. Approximately 21 of the remaining 25 have their original applications deemed complete.

In the ordinance being offered, both Early Activation and Use Permits would be allowed for a limited time to those applications eligible for the transition to compliance. If the second reading of the ordinance is approved on 4/20/2021, the transition period for all applications impacted by the FPZ would expire on 5/21/2023.

If not budgeted, fill in the blanks below only:

Estimated Cost: _____ Amount Budgeted: _____ Additional Requested: _____ Future Annual Cost: _____

Consistency with Vision 2028 and/or Fiscal Crisis Management Plan (check all that apply):

☒ Not applicable

☐ Well-being of Residents
