Executive Summary:

On July 21 and August 4, 2020, the Lake County Board of Supervisors approved a number of actions in regard to the Guenoc Valley Mixed Use Planned Development Project (the "Project"). The actions of the Board of Supervisors were challenged in Superior Court by separate petitions for peremptory writ of mandate, which actions were subsequently consolidated for certain purposes by the Court.

In its Ruling and Order on Petitions for Writ of Mandate, the Superior Court expressly concluded that the County's findings regarding community emergency evacuation routes were not supported by substantial evidence and, for that reason, the Environmental Impact Report (the "EIR") did not comply with the California Environmental Quality Act. As a result of that limited ruling in favor of the petitioners, the Superior Court entered its Judgment and issued a Peremptory Writ of Mandate wherein the Court ordered the County to set aside and vacate its certification of the final EIR, findings relating to impacts to an adopted emergency evacuation plan, and other specified approvals of the Project.
