

## Legislation Text

File #: 21-959, Version: 1

### Memorandum

**Date:** October 5, 2021

**To:** The Honorable Lake County Board of Supervisors

**From:** Marina Deligiannis, Deputy Water Resources Director / Big Valley GSPAC Lead

**Subject:** Presentation of Big Valley Groundwater Basin Sustainable Groundwater Management Act (SGMA) Progress and Groundwater Sustainability Plan (GSP) Engagement Activities

### Executive Summary:

The Sustainable Groundwater Management Act (SGMA), adopted by the State of California in 2014, prompts local agencies to better manage California's groundwater supplies over a long-term and in a sustainable manner. SGMA requires local agencies with medium- or high-priority basins to 1) form a Groundwater Sustainability Agency (GSA) and 2) develop and implement a Groundwater Sustainability Plan (GSP) by January 31, 2022. Lake County encompasses one (1) medium priority basin, the Big Valley Groundwater Basin (5-015).

### Recommended Action:

Marina Deligiannis, Deputy Water Resources Director / Big Valley GSPAC Lead, will give a presentation on the progress made for the Big Valley Groundwater Basin GSP. The update will include an overview of the GSP development schedule, key points of progress made on required GSP elements, highlights from GSP draft content, a call to action for review and input on the Big Valley Basin *Communication and Engagement Plan*, and a summary of the many ways the community can get involved in Lake County's SMGA-related efforts.
